# Readmission

179 Livingston Street, Brooklyn, NY 11201 • Office of Academic Affairs • academicaffairs@sfc.edu

Students returning to the College after a leave of absence lasting one or two consecutive semesters must request reactivation by emailing the Office of the Registrar at registrar@sfc.edu. Students will then be asked to complete a Reactivation application.

Before reactivating, students must resolve any registration holds on their account, including but not limited to financial, immunization, transcript, dean of students, and academic probation holds. Students who have not been enrolled for more than two consecutive semesters and wish to return must complete a new Admissions application and indicate that they are applying for readmission. These students may be required to follow the academic regulations outlined in the most recent College catalog. Questions about readmission should be directed to admissions@sfc.edu.
