- Completes data reports and surveys to comply with the College’s external reporting requirements, including, but not limited to, the Integrated Postsecondary Education Data System (“IPEDS”), as well as various accrediting agencies, New York State and federal government reporting.
- Provides data in user friendly formats for internal requests related to institutional and unit planning, academic program reviews, student learning effectiveness, co-curricular assessment, and grant proposals.
- Plans and manages projects with tight deadlines.
- Serves on institutional committees and/or taskforces that advance the goals of the OIE&A
- Performs all other duties as assigned

Required Qualifications:

- Bachelor’s degree in a research-related field.
- Minimum of two (2) years’ related work experience.
- General knowledge of research methods and survey design.
- Demonstrated expertise in data management, data analysis and interpretation, and data presentation and visualization.
- Excellent ability to collaborate and problem-solve with colleagues.
- Excellent oral and written communication skills.
- Proficiency in the use of MS Office, including Outlook, Word, Excel, and Power Point, and the internet.
- The ability to work and communicate effectively with faculty, staff and students from diverse educational and social backgrounds.
• Communication skills and cross-cultural abilities to maximize effectiveness with diverse groups of students, colleagues and community members.
• Commitment to diversity, equity, and inclusion in the workplace, and efforts to embed it into the St. Francis College culture.
• Ability to interact collaboratively and professionally with diverse groups and constituencies throughout the College.
• Culturally sensitive with an understanding and appreciation of a multi-cultural college community and the Franciscan traditions of St. Francis College.
• Strong commitment to the College’s mission and to its students, faculty and staff.

Preferred Experience:

• Relevant experience working in a higher education environment.
• Experience working with large databases and data visualization software.
• General knowledge of best practices for data governance.
